Salzburg Music Center

Nostalgic Salzburg Music Center with Vinyl-to-CD Burner lets you record your old LPs, 45s, 78s, and audio cassettes onto digital CDs.

This beautifully styled music system may look like an old-fashioned radio, but it's packed with the audio features you want! It takes just a few minutes and a few simple steps to preserve your entire audio collection in a high-quality digital CD-R or CD-RW format. But if you still want to enjoy your music in its original format, play it on the built-in front-loading CD player/recorder (up to 32 tracks), side-load cassette tape player, 3-speed belt-driven LP turntable with damped tone-arm, or AM/FM radio.

The Salzburg Music Center is CD-R, CD-RW, MP3-CD disc playback compatible. A backlit LCD display shows the status of your selection, and there are built-in dynamic full-range 2x5W stereo speakers for great sound. Recording level control. A full-function remote control and adapter for 45-rpm records included. The old-style cabinet is crafted of solid wood veneers and wood composites, and will add a decorative touch to any room. The matching Media Cabinet (sold separately) has an adjustable shelf, and is the perfect place to display the Salzburg Music Center plus store your LPs, CDs, and audio cassettes.
